March 2012

Ever wondered why your child wriggles and squiggles to free himself from a shopping trolley? Perhaps it's because he doesn't have a comfy trolley seat cushion! Now you can stop his bottom getting cold and numb or wet and dirty with a Trolleychum. This innovative Irish product is stylish and quilted, portable and machine washable, will keep your child warm and comfy and has a safety strap to keep your little one secure. It's got toy loops meaning you can keep his playthings handy while you browse the aisles and a bottle holder on both sides, although you may end up using one of these for your phone and keys. It could turn out to be one of your finest companions on shopping trips. Buy it direct from [www.trolleychum.com](http://www.trolleychum.com) for €25.00 plus €4.95 postage to anywhere in Ireland. Trolleychum will also be making an appearance at this year's Pregnancy & Baby Fair (Dublin's RDS April 14 and 15 and Cork's City Hall April 21 and 22) along with lots of other innovative must-have baby products. See [www.pregnancyandbabyfair.ie](http://www.pregnancyandbabyfair.ie)
